the 12th Imperial Dove Court

VIDEO MADNESS...

Can't Stop The Music

"They're here."

1986

In Appreciation:

Thank you to all of our friends in and out of town who shared in the events sponsored by the Twelfth Reign of the Imperial Dove Court de Fresno. We hope you enjoyed yourselves as much as we did.

The proceeds from these events were held in a reserve "Charity Fund" account, to be divided among the recipients approved by the membership of the reigning court.

Presentation of grants from the Charity Fund will be made during Coronation this evening.

Thank You.

BRYAN
EMPEROR
TWELVE

The time has come for me to put down my final statements, and hopefully construct some sort of intelligent analysis of the past year of my life. This is not going to be an easy task, there have been so many experiences, & I have seen & felt so many emotions. My senses are flooded with thoughts screaming to be expressed and I am demanding of them some form of order .

The best place to start is at the beginning...My beginning, Fresno. My initial introduction to the Fresno Court & the Fresno Community, filled me with inspiration. I was overwhelmed, awed at its intricacies & its dedication. Never before did I feel so much a part of the whole scheme of life, & yet at the same time so insignificant amongst the whole. Fresno, you are my life source. You have driven me to be & do my best. You have filled me with visions of what we, together, can achieve. There is so much more I wish we could have accomplished; however, I have learned to accept limitations, be satisfied with what is... and all the rest in good time. Fresno, I am an instrument for your use, reach out...I'll be here; you own my heart & always will.

To my Court, you have made me a proud man. You have proven that it's not who you are that gets things done, it's what you are & what you feel. It is time for all to accept that we must be for our community first, there is no room for personal gain, visions of personal grandeur, & head trips. We are no longer a club for pretty people, we are a Community Service Organization! It is time we put petty differences aside, and WORK side by side. We don't always have to like each other to do what is right for Fresno, together.

I wish to thank the Imperial Family, for it is you who have paved the roads that lead us to today. Not all the roads have been smooth, but it's not the surface, it's the foundation that counts in the long run. I can no longer accept the fears some have that they will be excluded from the organization. We are today what you have made us; and if we are proud of what we are, how could we not also be proud of you. You offer us a store house of knowledge to guide us. A simple smile & a little encouragement from you can make all the difference in the world. You are needed, you are wanted. However, if you want to be a part, then say so. No one has the right to expect to be begged. It is unfortunate that some fear the future & the new blood. Our future lies in the new faces, for without the transfusion of their new opinions, ideas, energy, and most of all, enthusiasm, we cannot hope to keep abreast of the needs of our community. I pray that I always have enough energy to keep up, or enough sense to keep out.

To those who travel the Court Circuit, I wish to say how much I have enjoyed your company. MS Denise, you've always let me know what's going on in Texas, Thanks! Emperor Ken Wright of San Francisco, know that you will always have a friend. Grand Duke Michael Bowman of San Francisco, you are an inspiration & always a joy to be around. Emperor Paul of Seattle, your personality is truly magic, thanks for providing me a place to sleep, next time bring the Cadillac! Empress Natasha, you care as much as I do...sometimes that hurts; just remember, I'm never far away, and besides, I love to sip Brandy at 3:30 in the morning. I wish I could single out all who have shared this year, but space does not permit. However, I couldn't possibly finish this train of thought without mentioning my closest confidant. Emperor Jim of Tulare...We have laughed & cried, we have shared a time & space in a way we will never forget. I thank you, Your Majesty.

In my own Community: To my sister, Cindy G., you've been there for 14 years...its been a comfort just knowing that, I love you. Miss Kim, we get up again, over & over. Imperial Crown Prince John B., thanks for an occasional kick in the pants. Jon E., thanks for the hugs and the confidence. Imperial Crown Princess Vicky, your smile could melt any heart. Judy Morales, you will always be this Emperor's sidekick, you helped me more than you know & I shall never forget it. David Bartman, thanks for guarding my Personal House of Twelve. Russ Stephens, what can I say, you were always there no matter which way I turned, you are amazing, & I am proud to call you friend; as Dorothy said to the scarecrow, "I think I shall miss you most of all." To my mother, thanks for putting up with this madness, and for trying to understand. Your support has been greatly appreciated, and sharing all this with you has made it all the more special. In case I haven't said it lately, I Love You. To my Husband, Emperor 7 Will, we said 2½ years ago it wouldn't be easy...we were right! Thanks for allowing me this time & space & understanding my need for it. We have stood together as one, throughout the turmoil & demands of the last 2½ years; if we could handle that, we can handle anything! The future is for us. I Love You.

To my Empress Deli-Kaye: I had a vision in my sleep 2 years ago that I have watched unfold in exsuch exact detail...I do believe you are a dream come true. You have stood beside me through thick or thin. You have understood me, and made me see the other side of the story. Together we reached our apogee, you have propped me up when I was weary, and when I could go no further you were there to go the distance. To say Thank You hardly seems enough. I love you dearly & am very proud that Deli-Kaye & Bryan will always be linked together, the Doves that truly flew as one.

In closing I quote the words, "A dream is a wish your heart makes"; Fresno, I challenge you...Dare to dream.

HIS MOST IMPERIAL MAJESTY

Bryan

EMPEROR 12 BRYAN

Dear Friends,

Good evening and welcome to Coronation '86. I would like you to read a few of the lyrics from the number I have chosen for my last walk.

I believe the children are our future
Teach them well & let them lead the way,
Give them a sense of pride to make it easier,
Let the children's laughter remind us how we use to be.
I decided long ago,
Never to walk in anyone's shadow,
If I fail
If I succeed
At least I lived as I believe,
No matter what they take from me
They can't take away my dignity.
Because the greatest love of all is happening to me,
Learning to love yourself is the Greatest Love of all.

So many of the words of this song remind me of goals I've tried to accomplish during our Reign. Some I did, some I didn't.

If you were to ask me, What is the one thing I got out of being Empress XII, I'd have to say, learning to love & trust myself. Without that belief in yourself, you're lost. I've grown up a lot during my Reign, & I hope I've helped some of you grow a little too.

Sometimes we get angry, get too grand or too serious, and we need to remind ourselves what we are here for; to serve our Community, and above all else, to have a little fun doing it.
I'd like to thank some very special people, for without them, none of this would be possible.

To Virgil, Darvoon, and the staff of the Red Lantern, thank you. The Red Lantern will always be home base to me. Michelle de Camp, thanks for kicking me in the butt when I needed it the most. To my 3 favorite sisters, Empress X Elaine Berringer, Nicki Lyons, & Camille Roberts, I owe you so much. You three were the ones to give birth to Deli Kaye, and who showed me all the ropes. I love you all. Russ Stephens, Thank you for all your little helps and your encouragement. To the City of Modesto, for always making me feel very special, Thank You. To Vancouver USA, thank you for the hospitality you've always shown both myself and Fresno.

To my Emperor, Bryan, & Emperor VII Will, Without the two of you I would not have made it through this year. Thank You!

Finally, to Kelly, my roommate, chauffeur, escort, seamstress, babysitter, and most of all, my FRIEND. I must be one of the luckiest people in the world to have you by my side. Thank you for always being there.

In closing I would just like to say, I hope you enjoy this evening, and again Thank you for the chance to serve you as Empress XII. May Love fill your life, may Peace always be with you, and may Unity always hold us together.

Sincerely
HER MOST IMPERIAL MAJESTY

Confidence in the human spirit: Elizabeth Dingler, client Best By Far Bakery and Sandwich Shop.

ARC-Fresno: The Association for Retarded Citizens is a community-based non-profit agency committed to the belief that people who are mentally retarded are capable of much, much more than previously assumed. The problems of day-to-day living which accompany developmental disability are complex, all-consuming and devastating. Our goal is the development of the potentials of developmentally disabled people toward becoming total, productive, independent human beings. Toward attainment of that goal, we have built our programs on a solid base of love, respect and dignity: Best By Far, Independent Living Program, Fresno Production Center, Kelso Activity Center, Kelso Southeast, Kelso West, Off-Site Services and the Children's Center.

In a world that is less than tolerant, less than kind, we are especially grateful for your support.
